

# Tower Hamlets Town Hall

CLIENT	SECTOR	ARCHITECT	WORKS
Bouygues	Commercial	AHMM	Doorsets and Ironmongery, skirting, window boards, plywood flooring substrate, various sanitary fittings and bespoke joinery throughout.

## Project overview

This Grade II listed former Royal London Hospital building is being brought back to community use as the new Town Hall and headquarters for the London Borough of Tower Hamlets. It is one of London's oldest historic landmarks and has been at the heart of the borough's history since it was opened to patients in 1757.

## SEC work package

Our package comprised the design development, manufacture, factory finished joinery products and installation. Inclusive of Richlite wall panelling in diamond black throughout the Super Lobby and communal areas and an off-site manufactured bespoke cylindrical laminate timber reception desk. Bathrooms to all floors were set by colour theme with complete bathroom fit out including bespoke brand Dolphin mirrors, shelving, dispensers and timber doorsets.

On the ground floor the Council Chamber is complete with bespoke joinery throughout including more Richlite Diamond Black panelling, bamboo stratum panels on the walls & staircases, black fabric acoustic back panels, red leather bench seating, Richlite Mayors top table, Dias wall and writing shelf. Past the super lobby sits a large children's library, we have installed Oak laminated MDF bench seating, bespoke bookcases throughout including along the ramp, to the reading benches and window surrounds.

Each office floor is self-serviced, with colour themed kitchenettes. Our package included installation of perimeter wall panelling, Corian worktops, coloured laminate kitchen cupboards, shelves and splashbacks.

Finally, we supplied raised flooring to old building to allow levels to match with new building, all internal timber doors, SELO riser doors and a heritage external door, architraves, window boards and skirtings throughout.
